A LIFE BUILT BEHIND THE SCENES

# MEET NIKKI G

Nikki Giovacchini is a film and television propmaster, comedian, author and educator with more than 38 years of hands-on production experience. After decades creating the objects, moments and controlled chaos audiences see on screen, Nikki stepped in front of the microphone and turned his career, heart surgery, aging and reinvention into a fast, physical and prop-driven comedy experience.

**His programs give fans, students and professionals something rare: honest stories and practical lessons from the person who had to solve the problem before the cameras rolled.**
